

ALC PRECISION™
A PRECIPART GROUP COMPANY

Industrial

ALCprecision is committed to quality, efficiency, and precision in industrial technology – enhancing lives through innovative solutions.SM

We make complex engineered products and assemblies for industrial applications. Our focus in miniature and micro technology allows us to provide precision solutions with proven results.

Instrumentation & Gauges

From design and engineering to prototyping and production, we create some of the most innovative and precise components and assemblies for Industrial Technology.

- Hydraulics & Pneumatics
- Automotive
- Industrial and Fiber Optics
- Electronics, Switches and Connectors
- Solenoids, Actuators and Sensors
- Consumer Products
- Instrumentation and Gauges
- Information Technology
- Locking Systems

1 Complete Engineering support – concept to process optimization

Count on ALCprecision for your next industrial component, assembly or device
A full suite of technical capabilities is at your disposal:

- High Precision Machining – Miniature and complex
- CNC Milling Centers, Swiss Single and Multi-Axis Turning
- Plating, Anodizing, Polishing, Marking and Color Coding
- Automated, Robotic Assembly and Cell Manufacturing
- Clean Room Packaging
- Custom Molding Services: Ceramic, Plastic and MIM
- Laser Welding, Cutting, Etching, Drilling, and Marking
- Secondary Operations

2 Quality Management System that sets us apart

Certified to ISO-9001 our Quality Management System ensures that our customers receive products to the highest standards using process validation, capability studies and FMEA.

3 Six Sigma for lean manufacturing practices that save time and money

With a dedicated continuous improvement team focused on conducting Kaizen events, we utilize our expertise in value stream mapping, Pareto analysis, Poka-Yoke, Spaghetti Diagrams, 5S, paperless manufacturing, and electronic documentation.

The Precipart Promise

We welcome complex challenges and always seek to deliver products of integrity that are defect free, on time, and within budget. Let us precision-fit a solution for your unique product needs.
